INDEPENDENT AUDITOR'S REPORT

To the Executive Committee of the Board of Directors
Tiger Athletic Foundation
Baton Rouge, LA

Opinion

We have audited the financial statements of Tiger Athletic Foundation (a nonprofit organization) which comprise the statements of financial position as of December 31, 2023 and 2022, the related statements of activities, functional expenses, and cash flows for the years then ended and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Tiger Athletic Foundation as of December 31, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tiger Athletic Foundation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tiger Athletic Foundation's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Members of RSM US Alliance have access to RSM International resources through RSM US LLP but are not member firms of RSM International.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Tiger Athletic Foundation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tiger Athletic Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information on pages 56 through 61 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information presented on pages 56 through 61 is fairly stated in all material respects in relation to the financial statements as a whole.

1. Summary of Significant Accounting Policies

Nature of Activities

Tiger Athletic Foundation (TAF or the Foundation) was organized on May 17, 1983, under the name The LSU Tigers Unlimited Corporation, as a nonprofit corporation under Louisiana Revised Statute (R.S.) 12:201 (7). The corporation's name was changed to Tiger Athletic Foundation on April 17, 1987.

The Foundation's primary objective is to encourage support and raise funds for the Louisiana State University and Agricultural and Mechanical College (LSU) located in Baton Rouge, Louisiana and its intercollegiate athletic program. Funds attracted by this private, nonprofit corporation are primarily used to defray the cost of scholarships of more than 450 student athletes, to help maintain and improve LSU athletic facilities, and to retire present indebtedness. The Foundation also oversees the management of the Tiger Den Suites, Stadium Club, and Alex Box Suites for LSU. The Foundation is governed by a board of directors who are elected from the membership.

Although established to support LSU and its athletic program, TAF is separate and distinct from LSU in law and in fact. As a nonprofit corporation established to support a Louisiana public higher education institution and meeting criteria established in Louisiana R.S. 17:3390B(1)-(3), TAF may not be deemed an agent for LSU and TAF funds are considered private. Neither LSU nor the State of Louisiana has any liability for the obligations, whether financial or otherwise, incurred by TAF.

The Foundation is required to comply with the provisions set forth in the Uniform Affiliation Agreement entered into with LSU on December 1, 2021.

Significant New Accounting Pronouncements - Adopted

On January 1, 2023, the Foundation adopted Accounting Standards Update (ASU) 2016-13 and all subsequent ASUs that modified ASU 2016-13, which have been codified under Accounting Standards Codification (ASC) 326, *Financial Instruments - Credit Losses*. The Foundation adopted this guidance using the modified retrospective approach, as required, and has not adjusted prior period comparative information and will continue to disclose prior period financial information in accordance with previous accounting guidance. The impact of the adoption of ASC 326 to the estimate of the allowance for credit losses was insignificant.

Cash and Cash Equivalents

The Foundation considers all unrestricted highly liquid investments with an original maturity of three months or less, and whose use is not limited, to be cash equivalents. Certain cash equivalents generated in the Foundation's investment accounts are classified as investments.

Concentration on Credit Risk for Cash Held in Bank

TAF periodically maintains cash in bank accounts in excess of insured limits. At December 31, 2023 and 2022, the Foundation had \$73,240,412 and \$72,670,723, respectively, in excess of the FDIC insured limit. Custodial credit risk for these deposits is the risk that, in the event of the failure of a depository financial institution, the agency will not be able to cover these deposits.

Investments

As further presented in Note 4, the Foundation records investment purchases at cost, or if donated, at fair value on the date of donation. Thereafter, investments are reported at their fair values in the statements of financial position. Net investment return is reported in the statements of activities and consists of interest and dividend income, realized and unrealized capital gains and losses, less external and direct internal investment expense.

Fair Values of Financial Instruments

The carrying values of the Foundation's financial instruments approximate fair value.

The Foundation follows the provisions of the Financial Accounting Standards Board (FASB) ASC Topic 820, *Fair Value Measurement*. Under FASB ASC Topic 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

FASB ASC Topic 820 establishes a fair value hierarchy for inputs used in measuring fair market value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities as of the reporting date. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly, as of the reporting date.

Level 3 - Valuations based on inputs that are unobservable and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation.

In some instances, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such instances, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

Fair Values of Financial Instruments (Continued)

The Foundation's measurements of fair value are made on a recurring basis, and the valuation techniques for assets and liabilities recorded at fair value are as follows:

Investments - The Foundation invests in certificates of deposit through various financial institutions, which generally mature within one year, and are reported at cost, which approximates fair value. Interest income on certificates of deposit is accrued at each month end. The fair value of money market accounts is the closing price reported on the active market on which the individual securities are traded. The fair value of equity securities is the market value based on quoted market prices, when available, or market prices provided by recognized broker dealers. The fair value of debt securities is the market value based on quoted market prices, when available, or market prices provided by recognized broker dealers. The fair value of real estate securities is based on pricing models, quoted prices of securities with similar characteristics, or discounted cash flows. The fair value of real assets is based on pricing models, quoted prices of securities with similar characteristics, or discounted cash flows. The fair value of alternative investments is valued at net asset value per share owned by the Foundation. The net asset value is based on the fair value of the underlying investments held by the portfolio fund less its liabilities.

The preceding methods described may produce a fair value calculation that may not be reflective of future fair values. Furthermore, while the Foundation believes its valuation methods are appropriate and consistent with other market investments, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Unconditional Promises to Give

Contributions that are expected to be collected within one year are recorded at net realizable value. Contributions that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. Changes to the estimate of the present value of the contributions will be reported in the period the changes are made. The Foundation establishes an allowance for unfulfilled pledges based on a specific analysis of the remaining contribution balance due for contributions that were not made in accordance with the donor's pledged timeline. Decreases in donor restricted contributions, because of changes in the amounts of assets expected to be received, are recorded as a loss and are reported within expenses on the statements of activities.

Property and Equipment

The purchase of property and equipment is recorded at cost. Donations of property and equipment are recorded as support at their estimated fair value. Such donations are reported as revenues without donor restrictions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as revenues with donor restrictions.

It is TAF's policy to capitalize all fixed asset purchases greater than \$1,000. Property and equipment is depreciated using the straight-line method over estimated useful lives of 5 to 50 years.

Construction in progress and other additions are stated at cost and represent costs of construction. During the construction period, interest will be capitalized on all qualifying expenditures.

TIGER ATHLETIC FOUNDATION

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies (Continued)

Assets Held for Donation to LSU

Assets held for donation to LSU consist of various capital projects and athletic facility improvements that are not used in the operations of TAF and are, therefore, not included within property and equipment. At December 31, 2023 and 2022, the balance in this account was comprised entirely of construction in progress on capital projects that were completed and expected to be donated to LSU within one year of the statement of financial position date.

Impairment of Long-Lived Assets

The Foundation reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. In the event that the undiscounted cash flows resulting from the use of the asset group is less than the carrying amount, an impairment loss equal to the excess of the asset's carrying amount over its fair value is recorded. The Foundation did not record any impairment loss during the years ended December 31, 2023 and 2022.

Deferred Financing Costs

The Foundation follows the FASB ASU 2015-03, *Interest - Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs*, which requires that debt issuance costs related to a recognized debt liability be presented as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts.

Deferred financing costs of \$1,008,426 as of December 31, 2023 and 2022 associated with the Revenue Bonds Series 2012, Revenue Bonds Series 2015, Revenue Bonds Series 2015A, and 2019 term loan are being amortized over the respective lives of the debt agreements. These costs are presented net of accumulated amortization of \$469,722 and \$404,670 as of December 31, 2023 and 2022, respectively. Amortization of the costs is recorded as a component of interest expense.

Capitalized Licensing Rights

Other noncurrent assets includes \$4,200,000 of licensing rights associated with the construction of Alex Box baseball stadium. These costs are presented net of accumulated amortization of \$2,088,334 and \$1,948,334 as of December 31, 2023 and 2022, respectively. These costs are being amortized over the life of the stadium. Amortization of the costs is recorded as a component of program expenses.

Amounts Held in Custody for Others

The amounts held in custody for others are disclosed in Note 3 and represent the coaches' escrow accounts and affiliated chapters' accounts, which were established as a custodial fund at the request of LSU, accounts held for the LSU Athletics Department, as well as other small miscellaneous agency accounts. The coaches' escrow accounts and affiliated chapters' accounts were created in order for TAF to act as a nonaffiliated party in overseeing the revenue generated by the coaches and affiliated booster club chapters of LSU and to provide institutional control as required by NCAA rules. The amounts held for the LSU Athletic Department are to fund special projects, as needed, and to establish maintenance reserve accounts for newly constructed LSU Athletic Facilities as required by the Board of Regents Policy.

The Foundation has included \$1,228,974 and \$1,201,019 of amounts held in custody for others as restricted cash within current assets as of December 31, 2023 and 2022, respectively.

These amounts, in total, are offset by a liability, current and non-current dependent on the maturity date, in the same amount.

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor imposed restrictions. Accordingly, the Foundation reports information regarding its financial position and activities according to two classes of net assets: without donor restrictions and with donor restrictions. Net assets without donor restrictions include those net assets available for use in general operations and not subject to donor restrictions. The governing board has designated, from net assets without donor restrictions, net assets for operating reserves that may be drawn upon in the event of financial distress or an immediate liquidity need in line with TAF's mission. Net assets with donor restrictions are those net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Contributions

Contributions are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions depending on the nature of the restrictions. When a restriction expires, these contributions are recognized as changes in net assets without donor restrictions.

Revenue from Contracts with Customers

The Foundation recognizes revenue in accordance with ASC Topic 606, *Revenue from Contracts with Customers*, which provides a five-step model for recognizing revenue from contracts with customers as follows:

- Identify the contract with a customer
- Identify the performance obligations in the contract
- Determine the transaction price
- Allocate the transaction price to the performance obligations in the contract
- Recognize revenue when or as performance obligations are satisfied

The Foundation has rights to receive cash under contracts with its members in exchange for the members right to purchase tickets for future LSU athletic events, primarily the right to purchase certain “premium seating” football tickets in Tiger Stadium. The right to purchase tickets is primarily marketed and sold to end-user consumers in the United States. The results of the Foundation’s revenue related to the right to purchase tickets are affected by economic conditions, which can vary by market, and can be impacted by consumer disposable income levels and spending habits. The Foundation includes within contract revenue on the statements of activities those amounts recognized relative to the contract terms.

Nature of Products and Services

The Foundation recognizes the revenues for the right to purchase season tickets at a point in time in the year the athletic season starts, which is when the performance obligation is satisfied.

Payment is due and payable prior to March 1st of each year of the contract term. In instances where the timing of revenue recognition differs from the timing of the right to invoice, the Foundation has determined that a significant financing component does not exist. The primary purpose of the Foundation’s invoicing terms is to provide customers with simplified and predictable ways of purchasing the rights to purchase tickets and not to receive financing from or provide financing to the customer. Additionally, the Foundation has elected the practical expedient that permits an entity to not recognize a significant financing component if the time between the transfer of a good or service and payment is one year or less.

Transaction Price

The transaction price is the amount of consideration to which the Foundation expects to be entitled in exchange for transferring the right to purchase tickets to the customer. Revenue related to the right to purchase tickets is recorded based on the transaction price, which includes fixed consideration only.

TIGER ATHLETIC FOUNDATION
NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies (Continued)

Revenue from Contracts with Customers (Continued)

Contract Balances

The timing of revenue recognition may not align with the right to invoice the customer. The Foundation records contracts receivable when it has the unconditional right to issue an invoice and receive payment, regardless of whether revenue has been recognized. The Foundation's receivables include contracts for the 2022 through 2027 seasons. The amount of the contracts receivable that is specific to those contractual donations for the right to purchase certain "premium seating" football tickets in Tiger Stadium is pledged for the payment of debt service mentioned in Note 7. The Foundation accounts for potential credit losses under ASC 326. There was no allowance for credit losses at December 31, 2023 and 2022. When consideration is received and revenue has not yet been recognized, and for the contracts receivable for future seasons, a contract liability (deferred revenue) is also recorded.

Balances as of December 31, 2023 and 2022 are included in the statements of financial position. Opening balances as of January 1, 2022 were as follows:

Contracts Receivable	\$ 75,582,516
Deferred Revenue	\$ 78,298,040

Operating Leases

The Foundation accounts for leases under FASB ASC 842, which requires lessees to record right-of-use (ROU) assets and related lease obligations on the statement of financial position. The ROU assets represent to right to use an underlying asset for the lease term and lease liabilities represent the obligation to make lease payments over that term.

Operating ROU assets and liabilities are recognized at commencement based on the present value of lease payments over the lease term. ROU assets also include any lease payments made prior to lease commencement and exclude lease incentives. The lease term is the noncancelable period of the lease and includes options to extend or terminate the lease when it is reasonably certain that an option will be exercised. The Foundation uses the discount rate implicit in the lease, or the Foundation's incremental borrowing rate if the discount rate implicit in the lease cannot be readily determined, in computing the present value of lease payments. Lease expense for operating lease payments is recognized on a straight-line basis over the lease term.

As permitted by the standard, the Foundation elected, for all assets classes, the short-term lease exemption. A short-term lease is a lease that, at the commencement date, has a term of twelve months or less and does not include an option to purchase the underlying asset.

The Foundation also leases primarily leasehold and other improvements and stadium expansion and scoreboards to various lessors. These leases may contain extension and termination options that are predominantly at the sole discretion of the lessee, provided certain conditions are satisfied.

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies (Continued)

Functional Expenses

The costs of providing various program and supporting activities, which include fundraising and general and administrative activities, have been summarized on a functional basis in the financial statements. Certain categories of expenses are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. Payroll expenses are allocated on the basis of time and effort. General and administrative expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Foundation. All other expenses are specifically identified to the applicable functional expense category.

Advertising

The Foundation's policy is to expense advertising costs as the costs are incurred. Advertising costs totaled \$67,166 and \$29,035 for the years ended December 31, 2023 and 2022, respectively.

Tax Status

The Foundation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and has been designated as an organization that is not a private foundation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

TIGER ATHLETIC FOUNDATION

NOTES TO FINANCIAL STATEMENTS

2. Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

	December 31, 2023	December 31, 2022
Cash and cash equivalents	\$ 22,324,608	\$ 20,420,375
Investments	20,815,275	20,125,334
Other receivables	1,189,290	130,923
Contracts receivable	26,008,834	26,701,574
Unconditional promises to give, net	49,275	112,775
	\$ 70,387,282	\$ 67,490,981

As part of the Foundation's liquidity management plan, the Foundation invests balances in excess of daily requirements in three separate portfolios: perpetually endowed portfolio, long term non-endowed portfolio, and short term non-endowed portfolio.

The perpetually endowed portfolio consists of funds donated for the purpose of establishing or contributing to an endowment in perpetuity. The investment objectives of this portfolio are to maintain the purchase power of its endowed assets in perpetuity by targeting a total rate of return that will, at a minimum, maintain the value of the portfolio in real terms (i.e., adjusted for inflation as measured by the CPI-U or other appropriate index designated by the investment committee) after annual distributions and expenses and to maximize total returns over the long term consistent with prudent funds management; provide annual and consistent levels of fund distributions to beneficiaries; and minimize risk through diversification.

The long term non-endowed portfolio consists of funds held or donated to TAF that (a) are typically not donor restricted for a particular purpose, and (b) in the judgment of the investment committee will not be required to satisfy TAF's short or intermediate term capital or operating needs. The investment objectives of this portfolio are to preserve the real purchasing power of the portfolio (adjusted for inflation as measured by the CPI-U or other appropriate index) after deducting expenses, with a secondary emphasis on long-term moderate capital growth, maximize long term total return consistent with the time horizon for the portfolio and prudent funds management practices, and minimize risk through diversification.

The short term non-endowed portfolio consists of funds held or donated to TAF that (a) are non-endowed, (b) may be donor restricted for a particular purpose, and (c) are required to satisfy short to intermediate operation or capital needs. The investment objectives of this portfolio are to provide liquidity sufficient to meet short term capital needs, preserve principal and provide for the safety of temporary funds, and maximize short term total return consistent with the time horizon for this portfolio and prudent funds management practices.

TIGER ATHLETIC FOUNDATION

NOTES TO FINANCIAL STATEMENTS

2. Liquidity and Availability (Continued)

The board annually designates operating reserves, that may be drawn upon in the event of financial distress or an immediate liquidity need, in line with TAF's mission: 10% of available cash after debt service as shown in TAF's operating budget, any interest savings on annual TAF debt service (calculated as annual budgeted interest less annual actual interest expense), and revenues derived from the University Club Lease and License Agreement (lease payments and annual University Club membership contributions).

3. Restricted Cash and Cash Equivalents and Investments

Restricted cash and cash equivalents are available for the following purposes:

NOTES TO FINANCIAL STATEMENTS

6. Property and Equipment (continued)

During the year ended December 31, 2022, \$2,405,080 of completed construction in progress was transferred out of capital assets and into assets held for donation to LSU.

Depreciation expense totaled \$7,589,116 and \$8,147,010 for the years ended December 31, 2023 and 2022, respectively.

7. Bonds and Note Payable

A summary of the Foundation's outstanding debt is as follows:

	December 31, 2023	December 31, 2022
Revenue Bonds Series 2012	\$ 52,393,000	\$ 55,506,000
Revenue Bonds Series 2015	23,625,000	27,745,000
Revenue Bonds Series 2015A	35,925,000	36,175,000
Term Loan	7,011,608	10,442,848
Less Deferred Financing Costs	(538,704)	(603,756)
	<u>\$ 118,415,904</u>	<u>\$ 129,265,092</u>

In order to finance the design, development, performance, and construction of the Facilities/South and Olympic Sports Improvements in accordance with the plans and specifications approved by LSU, the Foundation initiated two different debt instruments in October 2012.

The Foundation entered into a Bond Purchase Agreement, and a resulting Loan Agreement, so that it could borrow from the proceeds of the sale of Series 2012 Revenue Bonds, an aggregate principal of \$75,000,000. The Bond Purchase Agreement was amended in 2014 to an aggregate principal of \$70,000,000. These bond indentures contain requirements for annual debt service and flow of funds through various restricted accounts. Beginning in 2018, the Foundation must establish a mandatory sinking fund, with annual installments due through 2037. The annual installments range from a low of \$2,762,000 in 2018 to a high of \$4,350,000 in 2037. As security for payments to be made by the Foundation, pursuant to the Loan Agreement, the Foundation has entered into an Act of Assignment of Pledged Revenues and Security Agreement, on parity with the Series 1999 and 2004 revenue bonds. Effective December 1, 2019, the Bonds were amended to include a Special Bank Fixed Rate equal to 2.37% through, but not including December 2, 2029. After which, the bonds will enter back into a Special Bank Variable Rate of 65% of the 90 day LIBOR Index rate plus 1.75% or, the higher of 65% of the Federal Funds rate plus 2.625% or 65% of the Prime Rate on the Adjustment Date.

When the Series 2012 Revenue Bonds enter back into the Special Bank Variable rate, the Bonds shall be subject to tender at the election of the Purchaser on the last day of each Special Bank Rate Period (optional Tender Date) upon the Purchaser providing written notice of their election not less than twelve months prior to each Optional Tender Date. During any Special Bank Rate Period, in the event the Purchaser has not elected to tender the Bonds pursuant to the terms of the Indenture, at the option of the Foundation, this Bond will bear interest at the Special Bank Variable Rate or the Special Bank Fixed Rate pursuant to the provisions in the Indenture and Purchase Agreement.

7. Bonds and Note Payable (Continued)

To finance the balance of the commitment, the Foundation issued a non-revolving taxable term loan for a principal amount of \$25,000,000. In 2014, the loan agreement was amended to a principal amount of \$30,000,000. As security for payments to be made by the Foundation, the Foundation has entered into an Act of Assignment of Pledged Revenues and Security Agreement on parity with the Series 1999 and 2004 revenue bonds. Effective December 2, 2019, the parties entered into a non-revolving taxable term loan for the current balance on that date of \$19,622,014 for the same terms with the exception of the interest rate. The new loan agreement interest rate is 2.59%. This term loan matures no later than October 1, 2025.

In July 2015, the Foundation entered into a Bond Purchase Agreement, and a resulting Loan Agreement, so that it could borrow the proceeds of the sale of Series 2015 Revenue Bonds for a principal amount of \$52,000,000. The Series 2015 Revenue Bonds were issued for the purpose of current refunding of all of the Series 1999 Bonds and a portion of the Series 2004 Bonds. The Series 2015 Revenue Bonds are secured by the pledged revenues on parity with the Series 2012 Revenue Bonds. The Bonds bear interest from their date until paid, at the rate of 2.49% per annum payable on the first calendar day of each month, commencing August 1, 2015 and shall mature, unless sooner paid, on September 1, 2028. The Bonds shall be subject to mandatory sinking fund redemption prior to maturity at the principal amount of such Bonds to be redeemed plus accrued interest to the date of redemption without premium on each September 1, beginning September 1, 2016 through September 1, 2028.

In November 2015, the Foundation entered into a Bond Purchase Agreement, and a resulting Loan Agreement, so that it could borrow, from the proceeds of the sale of Series 2015A Revenue Bonds for a principal amount of \$53,045,000. The Series 2015A Revenue Bonds were issued for the purpose of current refunding all of the outstanding Series 2004 Bonds. The Series 2015A Revenue Bonds are secured by the pledged revenues on parity with the Series 2012 revenue bonds.

The Bonds shall be subject to mandatory sinking fund redemption prior to maturity at the principal amount of such Bonds to be redeemed plus accrued interest to the date of redemption without premium on each September 1, beginning September 1, 2016 through September 2, 2039. The Purchaser of the Bonds has the right to tender the Bonds to the Foundation for purchase on November 1, 2022 (Put Date), pursuant to the Bond Purchase Agreement. In the event the Bonds are not remarketed by the Foundation by the Put Date, the Bonds will be retained by the Purchaser for a period of one year following the Put Date (the Special Holding Period). At the end of the Special Holding Period, the outstanding principal of the Bonds, together with accrued interest, shall become due and payable in full by the Foundation. Effective November 1, 2019, the bonds were amended to bear interest at a rate of 2.25% per annum and shall mature, unless sooner paid, on September 2, 2039.

Under the provisions of the above revenue bond agreements, the Foundation is required to maintain a minimum debt service coverage ratio. At December 31, 2023 and 2022, the Foundation was in compliance with its debt service coverage calculation loan covenant.

Less deferred financing costs	(538,704)
Total	<u>\$ 118,415,904</u>

The outstanding debt of the Foundation is secured by the assignment and pledge of revenues derived from donations for the right to purchase certain football tickets in Tiger Stadium. As mentioned in Note 1, while established to support LSU and its athletic program, the Foundation is separate and distinct from LSU in law and in fact. As a nonprofit corporation established to support a Louisiana public higher education institution and meeting criteria established in Louisiana R.S. 17:3390B(1)-(3), the Foundation may not be deemed an agent for LSU and the Foundation's funds are considered private. Neither LSU nor the State of Louisiana has any liability for the obligations, whether financial or otherwise, incurred by the Foundation, including the above mentioned debt.

NOTES TO FINANCIAL STATEMENTS

10. Endowment Composition

The Foundation follows the Uniform Prudent Management of Institutional Funds Act (UPMIFA), the provisions of which apply to endowment funds existing on or established after that date. The Board of Directors has determined that the majority of the Foundation's restricted net assets meet the definition of endowment funds under UPMIFA.

The Foundation's endowment includes donor-restricted funds established to support LSU Athletics scholarships. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Directors of the Foundation have interpreted the State of Louisiana's UPMIFA as requiring the preservation of the fair value of the original gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation retains in perpetuity (a) the original value of gift amounts donated to the endowment, and (b) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. Donor restricted amounts not retained in perpetuity are subject to appropriation for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed in UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Foundation, and (7) the Foundation's investment policies.

Endowment Investment and Spending Policies - The Foundation's investment policy is that all endowed funds will be maintained by Wells Fargo and managed by FIA Investments, the outsourced chief investment officer. TAF has established prudent investment and spending policies with the objective of maintaining the purchase power of its endowed assets in perpetuity by targeting a total rate of return that will, at a minimum, maintain the value of the portfolio in real terms (i.e., adjusted for inflation as measured by the CPI-U or other appropriate index designated by the investment committee) after annual distributions and expenses and to maximize total returns over the long term consistent with prudent funds management; provide annual and consistent levels of fund distributions to beneficiaries; and minimize risk through diversification. To achieve this objective, the TAF's asset allocation strategy is reviewed periodically and adjusted to target a total return that covers inflation, administrative expenses, and spending allocations, while minimizing volatility. TAF, in the absence of specific donor intent, has an approved spending rate of 4% plus reimbursement of administrative expenses after investment values at each June 30th are finalized.

The Foundation's endowment net asset composition by fund type as of December 31, 2023 is as follows:

	With Donor Restrictions	Total
Donor-restricted endowment funds	\$ 29,482,101	\$ 29,482,101
Total	\$ 29,482,101	\$ 29,482,101

TIGER ATHLETIC FOUNDATION

NOTES TO FINANCIAL STATEMENTS

11. Commitments and Contingencies

The Foundation is subject to certain legal proceedings and claims that arise in the ordinary course of business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position of the Foundation.

The Foundation has entered into three Cooperative Endeavor and Lease Agreements (Cooperative Endeavor) with the Board of Supervisors of LSU for the purpose of, and shall have the continuing obligation of, developing and constructing the Facilities/South and South End Zone Scoreboards in accordance with plans and specifications approved by LSU, and shall ensure the maintenance, operation, management, and replacement of the Facilities/South and South End Zone Scoreboards.

12. Leases

Operating Leases

The Foundation has entered into three Cooperative Endeavors with the Board of Supervisors of LSU which stipulate that the Foundation will lease from LSU certain land (Ground Leases) in order to provide necessary, new, expanded, and renovated Facilities/South, South End Zone Scoreboards and Olympic Sports Improvements, all as defined, for LSU. The term of each Ground Lease between LSU and the Foundation is fifty years expiring in various years from 2048 to 2062; however, they will also terminate, together with the Cooperative Endeavor, when, and if, the Facilities/South is donated by the Foundation to LSU. Lease payments under each Ground Lease vary from \$1,000 to \$2,000,000. The Foundation's lease agreements do not contain any material residual value guarantees or material restrictive covenants.

The components of lease cost and other required information are as follows for the years ended December 31, 2023 and 2022:

	2023	2022
Lease Cost:		
Operating Lease Cost	\$ 410,820	\$ 410,820

In 1999, the Foundation entered into a Bond Purchase Agreement that provided \$43,575,000 in revenue bonds for the purpose of financing or reimbursing a portion of the cost of certain improvements and renovations to the East Side Upper Deck (ESUD) of Tiger Stadium at LSU. The agreement stipulates that LSU shall pay \$2,000,000 to the Foundation as annual rent for the facilities. In 2015, the lease was amended to include the 2015 revenue bonds (see Note 7).

In 2004, the Foundation entered into a Bond Purchase Agreement that provided \$90,000,000 in revenue bonds for the purpose of financing or reimbursing a portion of the cost of certain improvements and renovations to the West Side Upper Deck (WSUD) at LSU's Tiger Stadium, construction of a football operations center and miscellaneous improvements to Tiger Stadium. The agreement stipulates that LSU shall pay \$2,500,000 to the Foundation as annual rent for these facilities. In 2015, the lease was amended to include the 2015A revenue bonds (see Note 7).

In 2012, the Foundation entered into a Bond Purchase Agreement that provided \$75,000,000 in revenue bonds for the purpose of financing or reimbursing a portion of the cost of the construction of the South End Zone (SEZ) at LSU's Tiger Stadium. The Bond Purchase Agreement was amended in 2014 to provide \$70,000,000 in revenue bonds for the same purpose. The Foundation also entered into a \$30,000,000 term loan in 2012, of which a portion was also used for the purpose of financing or reimbursing a portion of the cost of the construction of the SEZ. The agreement stipulates that LSU shall pay \$4,000,000 to the Foundation as annual rent for these facilities.

NOTES TO FINANCIAL STATEMENTS

12. Leases (Continued)

Operating Leases (Continued)

The Foundation maintains a lease and license agreement with The University Club of Baton Rouge, L.L.C., as the tenant of the lease. The Foundation receives monthly payments equal to 6% of the prior month's gross revenues plus an annual fee per member. The University Club serves as the home course for the LSU golf teams and is also used for LSU hosted events.

In 1999, the Foundation entered into a Cooperative Endeavor Agreement with LSU that obligated the Foundation to acquire, construct, and maintain new scoreboards in LSU athletic venues at a total cost of approximately \$5.2 million. In return for its fulfillment of this obligation, the Foundation was given an eight year license to solicit certain qualified corporate sponsorship contracts. In connection with its issuance of the Series 2004 Revenue Bonds, LSU extended the Foundation's rights to solicit qualified corporate sponsorship contracts for a period of approximately 35 years. Effective July 1, 2005, the Foundation, with approval of LSU, entered into a ten year lease agreement with Viacom Outdoor Advertising, Inc., d/b/a Outfront Media Sports, whereby the Foundation leased its rights to the scoreboards to Viacom in return for an annual guaranteed rental payment. In November 2010, the lease agreement was amended extending the term for a period of one year through June 30, 2016, and increasing the compensation paid to the Foundation by \$500,000. Additionally, the amendment required the Foundation to expend an additional \$3-5 million over the next three years to construct, install, upgrade, maintain, service and replace scoreboards. This commitment was made by the Foundation in 2014. In June 2016, the Foundation entered into a new lease agreement with Outfront Media Sports through June 30, 2026. Annual compensation beginning at \$3,500,000, and increasing \$25,000 each subsequent year is paid in equal quarterly installments. The amended agreement also requires an additional \$2 million in compensation for the first three years of the agreement. In June 2022, the Foundation entered into a lease amendment to extend the term of the lease through June 30, 2032, with annual compensation beginning at \$3,810,000 and increasing \$30,000 each subsequent year.

The Foundation also leases cell antennas and kitchen space to various tenants with terms expiring in various years from 2022 to 2029. Lease payments under each lease vary from \$25,000 to \$300,000.

The components of lease revenue are as follows for the years ended December 31, 2023 and 2022:

	2023	2022
Operating lease revenue related to fixed lease payments	\$ 12,872,491	\$ 10,595,960

Thereafter	<u>138,702,500</u>
Total Lease Payments	<u><u>\$ 202,565,000</u></u>

13. Retirement Savings Plan

The Foundation established a 401(k) plan (the Plan) effective February 1, 2002, to replace an existing Section 403(b) tax shelter annuity plan. The Plan covers all employees who complete applications to participate in the Plan and agree to the terms of the Plan. The Foundation amended and restated the Plan effective April 22, 2010 and September 16, 2010.

Under the Plan, the Foundation will make matching contributions in an amount equal to the sum of 100% of the participants' elective deferrals that do not exceed 6% of the participants' compensation as an Employer Safe Harbor Matching Contribution. In addition, the Foundation shall contribute an amount equal to the sum of 1.5% of the participants' annual compensation as an Employer Discretionary Contribution. Employees are vested in the Employer Safe Harbor Matching Contributions at a rate of 100%, and are vested in the Employer Discretionary Contribution at a rate of 20% per year after reaching one year of service, as defined.

The Foundation made matching contributions of approximately \$274,000 and \$250,000 for the years ended December 31, 2023 and 2022, respectively.

14. Uncertain Tax Position

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by an entity in its tax returns that might be uncertain. The Foundation believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements.

Penalties and interest assessed by income taxing authorities, if any, would be included in total expenses.
