## INDEPENDENT AUDITOR'S REPORT

To Honorable Taylor Mencacci, Mayor  
and the Members of the Board of Aldermen  
Town of Erath, Louisiana

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Erath, Louisiana (the Town), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Emphasis of Matter*

As described in Note 6 and 18 to the financial statements, in 2023, the Town adopted new accounting guidance, GASB 87, *Leases*. Our opinion is not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the budgetary comparison information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Town has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The justice system funding schedules, the schedule of compensation, benefits and other payments to the agency head, and the schedule of compensation paid to board members are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the justice system funding schedules, the schedule of compensation, benefits and other payments to the agency head, and the schedule of compensation paid to board members are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the combining nonmajor fund financial statements, the schedule of insurance in force, the schedule of number of utility customers and rates, the comparative statement of net position – proprietary funds, comparative statement of revenues, expenses, and changes in net position – proprietary funds, budgetary comparison schedule – detail of revenue – general fund, budgetary comparison schedule – detail of expenditures – general fund, and budgetary comparison schedule – special parish tax fund but does not include the basic financial statements and our auditor's report thereon. Our opinion on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 28, 2023, on our consideration of the Town’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town’s internal control over financial reporting and compliance.

TOWN OF ERATH, LOUISIANA

Reconciliation of the Governmental Funds Balance Sheet  
to the Statement of Net Position  
June 30, 2023

Total fund balances - governmental funds		\$ 558,770
Total net position reported for governmental activities in the statement of net position is different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds.		
Capital assets, net		2,857,260
Long-term liabilities, including bonds payable, are not due and payable in the current period and are therefore not reported in the governmental funds.		
Accrued interest payable	(292)	
Bonds payable	<u>(100,000)</u>	(100,292)
Sales taxes which are not "measurable" at year-end and therefore are not available soon enough to pay for current period expenditures are not reported in the governmental funds.		
		<u>32,100</u>
Total net position of governmental activities		<u>\$ 3,347,838</u>

The accompanying notes are an integral part of the basic financial statements.

Fund balances, beginning	<u>269,178</u>	<u>395,205</u>	<u>-</u>	<u>664,383</u>
Fund balances, ending	<u>\$ 123,554</u>	<u>\$ 435,216</u>	<u>\$ -</u>	<u>\$ 558,770</u>

The accompanying notes are an integral part of the basic financial statements.

TOWN OF ERATH, LOUISIANA

Reconciliation of the Statement of Revenues, Expenditures, and  
Changes in Fund Balances of Governmental Funds  
to the Statement of Activities  
For the Year Ended June 30, 2023

Net change in fund balances - total governmental funds \$ (105,613)

The change in net position reported for governmental activities in the statement of activities is different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay	\$ 210,967	
Depreciation expense	<u>(157,532)</u>	53,435

Because some revenues are not measurable at year end, they are not considered available in the governmental funds:

Sales taxes	1,054
-------------	-------

Bond proceeds are reported as financing sources in governmental funds and thus contribute to the change in fund balance. In the statement of net position, however, issuing debt increases long-term liabilities and does not affect the statement of activities. Similarly, repayment of principal is an expenditure in the governmental funds but reduces the liability in the statement of activities.

Principal payments	47,000
--------------------	--------

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds.

Decrease in accrued interest payable	<u>119</u>
--------------------------------------	------------

Change in net position of governmental activities \$ (4,005)

The accompanying notes are an integral part of the basic financial statements.

## TOWN OF ERATH, LOUISIANA

### Notes to Basic Financial Statements

#### (1) Summary of Significant Accounting Policies

The accompanying financial statements of the Town of Erath, Louisiana (Town) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsection of this note.

##### A. Financial Reporting Entity

The Town is incorporated under the provisions of the Lawrason Act. The Town operates under a Mayor-Board of Aldermen form of government. The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the primary government is not accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The Town has no such component units.

##### B. Basis of Presentation

###### Government-Wide Financial Statements (GWFS)

The statement of net position and statement of activities display information about the Town, the primary government, as a whole. They include all funds of the reporting entity, except fiduciary funds and component units that are fiduciary in nature. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of activities presents a comparison between direct expenses and program revenues for the business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

## TOWN OF ERATH, LOUISIANA

### Notes to Basic Financial Statements

#### Fund Financial Statements

The accounts of the Town are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. Fund financial statements report detailed information about the Town.

The various funds of the Town are classified into two categories: governmental and proprietary. The emphasis on fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the Town or meets the following criteria:

- a. Total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b. Total assets and deferred outflows or resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The Town reports the following major governmental funds -

General Fund - This is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

Sales Tax Fund – This fund accounts for the proceeds of a one percent sales and use tax that is legally restricted to expenditures for specific purposes. These taxes are dedicated as described in Note 4.

The Town reports the following major enterprise funds:

Utility Fund – This fund accounts for the provision of electric and water services to the residents of the Town. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, billing and collection.

Sewerage Utility Fund – This fund accounts for all activities associated with the provision of sewerage services including, but not limited to, administration, operations, maintenance, billing and collection.

## TOWN OF ERATH, LOUISIANA

### Notes to Basic Financial Statements

In addition, the Town reports the following:

The Town has one fiduciary fund, a Custodial Fund, which is presented in the fiduciary fund financial statements. Since by definition these assets are being held for the benefit of third parties and cannot be used to address activities or obligations of the Town, these funds are not incorporated into the government-wide statements.

#### C. Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

##### Measurement Focus

On the government-wide statement of net position and the statement of activities, both governmental and business-type activities are presented using the economic resources measurement focus as defined in item b. below.

In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate:

- a. All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The proprietary fund utilizes an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.

##### Basis of Accounting

In the government-wide statement of net position and statement of activities, both governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

## TOWN OF ERATH, LOUISIANA

### Notes to Basic Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Sales taxes are considered measurable when in the hands of the Sales Tax Collector and are recognized as revenue at that time. Ad valorem taxes are recognized as revenue in the year for which budgeted, that is, in the year in which such taxes are billed and collected. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. All other receivables collected within 60 days after year end are considered available and recognized as revenue of the current year. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments and compensated absences, which are recognized to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources. Purchases of various operating supplies are regarded as expenditures at the time purchased.

Proprietary fund financial statements utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

#### Program revenues

Program revenues included in the Statement of Activities are derived directly from the program itself or from parties outside the Town's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the Town's general revenues.

#### Allocation of indirect expenses

The Town reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses of other functions are not allocated to those functions, but are reported separately in the Statement of Activities. Depreciation expense is specifically identified by function and is included in the direct expense of each function. Interest on general long-term debt is considered a direct expense and is reported as a direct expense in the public safety and sewer functions in the amount of \$4,218 and \$79,003, respectively.

#### D. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Equity

##### Cash and interest-bearing deposits

For purposes of the statement of net position, cash and interest-bearing deposits include all demand accounts, savings accounts, and certificates of deposits of the Town. For purposes of the statements of cash flows, all highly liquid investments (including restricted assets) with an original maturity of three months or less are considered to be cash equivalents.

## TOWN OF ERATH, LOUISIANA

### Notes to Basic Financial Statements

#### Investments

Under state law the Town may deposit funds with a fiscal agent organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The Town may invest in United States bonds, treasury notes and bills, government backed agency securities, or certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. In addition, local governments in Louisiana are authorized to invest in the Louisiana Asset Management Pool (LAMP), a nonprofit corporation formed by the State Treasurer and organized under the laws of the State of Louisiana, which operates a local government investment pool.

#### Interfund receivables and payables

Short-term cash borrowings between funds are considered temporary in nature. These amounts are reported as “interfund receivables and payables” in the fund financial statements. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances”.

#### Receivables

Accounts receivable and unbilled service receivable for the Utility Fund and Sewerage Utility Fund are reported net of an allowance for doubtful accounts. The allowance amount at June 30, 2023 for the Utility Fund and the Sewerage Utility Fund accounts receivable was \$174,016 and \$18,294, respectively.

#### Leases receivable

The Town recognizes a lease receivable and a deferred inflow of resources at the commencement of the lease term. The Town measures the lease receivable at the present value of lease payments anticipated to be received during the lease term, reduced by any provision for estimated uncollectible amounts. Interest revenue is recognized on the lease receivable over the lease term using the effective interest method. The Town recognizes lease payments received as a reduction of the lease receivable.

#### Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide or financial statements. Capital assets are capitalized at historical cost or estimated cost if historical is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Prior to January 1, 2003, governmental funds’ infrastructure assets were not capitalized. These assets have been valued at estimated historical cost.

TOWN OF ERATH, LOUISIANA

Notes to Basic Financial Statements

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. Land and construction in progress are not depreciated. The range of estimated useful lives by type of asset is as follows:

Buildings and improvements	20-40 years
Equipment, vehicles, furniture and fixtures	4-20 years
Utility system (electric, water and sewer)	20-50 years
Infrastructure	25-50 years
Land improvements	10-40 years

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

Compensated Absences

Each employee earns a set amount of annual leave depending on years of service. Any amount not used in the year it is earned is lost; however, it may be converted to sick leave up to a 36-day maximum.

Upon termination, no payment is made for accrued and unused sick leave. However, any accumulated current year annual leave is paid to the employee. Any liability for this accumulated leave is determined immaterial to the financial statements at June 30, 2023 and, therefore, not recorded in the financial statements.

Restricted Assets

Restricted assets include cash and interest-bearing deposits of the proprietary funds that are legally restricted as to their use. The restricted assets are related to utility meter deposits and revenue bonds.

Long-term debt

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental and business-type resources is reported as liabilities in the government-wide statements. The long-term debt consists of revenue bonds payable and certificates of indebtedness.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary

## TOWN OF ERATH, LOUISIANA

### Notes to Basic Financial Statements

fund long-term debt is the same in the fund statements as it is in the government-wide statements.

#### Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. At June 30, 2023, the Town's deferred inflows of resources are attributable to lease revenue.

#### Equity Classifications

Net position represents the difference between assets and deferred outflows of resources, less liabilities and deferred inflows of resources. The Town reports three categories of net position, as follows:

- a. Net investment in capital assets – Consists of net capital assets reduced by the outstanding balances of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction or improvement of those assets and increased by balances of deferred outflows of resources related to those assets.
- b. Restricted net position – Net position is considered restricted if its use is constrained to a particular purpose. Restrictions are imposed by external organizations such as federal or state laws or buyers of the Town's bonds. Restricted net position is reduced by liabilities and deferred inflows of resources related to the restricted assets. Constraints may be placed on the use, either by (1) external groups, such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. The Town typically uses restricted assets first, as appropriate opportunities arise, but reserves the right to selectively defer the use until a future project. At June 30, 2023, the Town reported \$898,453 of restricted net position, \$435,216 of which was restricted by enabling legislation.
- c. Unrestricted net position – Net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in either of the other two categories of net position.

TOWN OF ERATH, LOUISIANA

Notes to Basic Financial Statements

Fund balances are classified as follows in the governmental fund financial statements:

- a. Nonspendable – amounts that cannot be spent because they are either not in spendable form (such as inventories and prepaid amounts) or legally or contractually required to be maintained intact.
- b. Restricted – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
- c. Committed – amounts that can be spent only for specific purposes determined by a formal action of the government’s highest level of decision-making authority (Board of Aldermen). Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board of Aldermen.
- d. Assigned – amounts the government intends to use for specific purposes that do not meet the criteria to be classified as restricted or committed.
- e. Unassigned – all other spendable amounts not included in other spendable classifications.

As of June 30, 2023, fund balances are composed of the following:

	General Fund	Sales Tax	Total Governmental Funds
	<u>          </u>	<u>          </u>	<u>          </u>
Restricted:			
Public works	\$ -	\$ 435,216	435,216
Debt service	17,480	-	17,480
Unassigned	<u>106,074</u>	<u>-</u>	<u>106,074</u>
 Total fund balances	 <u>\$ 123,554</u>	 <u>\$ 435,216</u>	 <u>\$ 558,770</u>

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Town considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Town considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed unless the Board of Aldermen has provided otherwise in its commitment or assignment actions.

## TOWN OF ERATH, LOUISIANA

### Notes to Basic Financial Statements

#### E. Revenues, Expenditures, and Expenses

##### Operating Revenues and Expenses

Operating revenues and expenses for proprietary funds are those that result from providing services and producing and delivering goods and/or services. It also includes all revenue and expenses not related to capital and related financing, noncapital financing, or investing activities.

##### Expenditures/Expenses

In the government-wide financial statements, expenses are classified by function for both governmental and business-type activities.

In the fund financial statements, expenditures/expenses are classified as follows:

Governmental Funds - By Character

Proprietary Fund - By Operating and Nonoperating

In the fund financial statements, governmental funds report expenditures of financial resources. Proprietary funds report expenses relating to use of economic resources.

##### Interfund Transfers

Permanent reallocations of resources between funds of the reporting entity are classified as interfund transfers. For the purposes of the statement of activities, all interfund transfers between individual governmental funds and individual proprietary funds have been eliminated.

#### F. Revenue Restrictions

The Town has various restrictions placed over certain revenue sources from state or local requirements. The primary restricted revenue source is sales taxes as described in Note 4.

The Town uses unrestricted resources only when restricted resources are fully depleted.

#### G. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities and deferred inflows and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

TOWN OF ERATH, LOUISIANA

Notes to Basic Financial Statements

(2) Cash and Interest-Bearing Deposits

Under state law, the Town may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. The Town may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

These deposits are stated at cost, which approximates market. Custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, the Town's deposits may not be recovered or the Town will not be able to recover the collateral securities that are in the possession of an outside party. The Town does not have a policy for custodial credit risk; however, under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. Deposit balances (bank balances) are secured as follows:

Bank balances	<u>\$ 2,845,680</u>
The Town's deposits are secured as follows:	
Insured deposits	1,000,000
Uninsured and collateral held by pledging bank, not in the Town's name	<u>1,845,680</u>
Total	<u>\$ 2,845,680</u>

(3) Ad Valorem Taxes

Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. Taxes are levied by the Town on December 1 and are due by February 28. The Town bills and collects its own property taxes. Property tax revenues are recognized when levied to the extent that they result in current receivables.

For the year ended June 30, 2023, taxes of 3.6 mills were levied on property with assessed valuations totaling \$6,545,883 and were dedicated for general purposes.

Total taxes levied were \$23,565. Taxes receivable at June 30, 2023 has not been recorded due to immateriality.

TOWN OF ERATH, LOUISIANA

Notes to Basic Financial Statements

(4) Dedication of Proceeds and Flow of Funds - 1 Percent Sales and Use Tax

A one percent sales and use tax levied by the Town is dedicated to the following purposes:

The net proceeds can be used for constructing, acquiring, extending, improving and/or maintaining the Town's drainage facilities, streets, street lighting facilities, sidewalks, sewers and sewerage disposal works, public buildings and/or fire department stations and equipment; purchasing and acquiring equipment and furnishings for the aforesaid public works, buildings, improvements and facilities; and for paying principal and interest on any bonded or funded indebtedness of the Town.

Sales taxes recognized in the governmental fund financial statements under the modified accrual basis of accounting were \$323,769 while the amount recognized in the government-wide financial statements under the accrual basis of accounting was \$324,856.

(5) Aged Accounts Receivable

The Town is owed \$426,959 by its customers at June 30, 2023. The aging of these accounts receivable is as follows:

Current	\$ 216,388
Over 30 days	20,084
Over 60 days	620
Over 90 days	<u>189,867</u>
Total	<u>\$ 426,959</u>

TOWN OF ERATH, LOUISIANA

Notes to Basic Financial Statements

(6) Leases

The Town has entered into a non-cancelable lease agreement with the United States Postal Service (USPS) involving a building for operations with a lease term from September 1, 2021 through August 31, 2026 with an incremental borrowing rate of 3.250%. During the year, the Town recognized \$39,092 in lease revenue and \$5,068 of interest income related to this agreement. At June 30, 2023, the Town recorded \$134,367 in lease receivable for this agreement. Also, the Town has \$134,367 in deferred inflows of resources associated with this lease that will be recognized as revenue over the lease term.

A summary of lease receivable is as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Payments</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Governmental activities:					
Lease receivable:					
Building	\$ 174,009	\$ -	\$ (39,642)	\$ 134,367	\$ 40,949

Remaining amounts to be received associated with this lease are as follows:

<u>Year Ending June 30,</u>	<u>Principal payments</u>	<u>Interest payments</u>	<u>Total</u>
2024	40,949	3,761	44,710
2025	42,300	2,410	44,710

	<u>\$ 100,000</u>	<u>\$ 7,175</u>	<u>\$ 3,225,212</u>	<u>\$ 1,330,497</u>	<u>\$ 4,662,884</u>

In the event that the above sewer revenue bonds are in default, the bonding agency has the right to compel the performance of all duties, including the fixing, charging, and collecting of rentals, fees or other charges for the use of the System. The Bond owner may also appoint an agent to take possession of the System to hold, operate, maintain, manage and control the System in the name of the bond owner. This agent shall collect and receive all fees, rentals, and other revenues, maintain and operate the System in a manner to compensate the bond issuer for the amount owed, until the bond is repaid in full. The other bonds contain no monetary default provisions.

TOWN OF ERATH, LOUISIANA

Notes to Basic Financial Statements

The following is a summary of changes in long-term debt of the Town:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Governmental activities:					
Series 2012 Certificate of Indebtedness	\$ 24,000	\$ -	\$ 24,000	\$ -	\$ -

Sewer Revenue Bonds, Series 2016	\$ 2,276,669	\$ -	\$ 45,263	\$ 2,231,406	\$ 46,293
Sewer Revenue Bonds, Series 2016	\$ 758,539	\$ -	\$ 15,093	\$ 743,446	\$ 15,435

(11) Flow of Funds; Restrictions on Use -

Sewer Revenues

Under the terms of the bond and pledge agreements with the United States Department of Agriculture, all revenues derived from the operation of the sewer utilities system are to be deposited into an account designated as the Sewer Revenue Fund and said account is to be maintained and administered in the following order of priority and for the following express purposes:

- (a) The payment of all reasonable and necessary expenses of operating and maintaining the utilities system.
- (b) Each month there shall be set aside into the Sewer Revenue Bond Sinking Fund on or before the 20<sup>th</sup> day of each month an amount equal to the principal, interest, and administrative fee accruing with respect to the bonds for such calendar month together with such additional proportionate sum as may be required to pay such principal, interest, and administrative fee as they become due.
- (c) Each month, there shall be set aside into the Revenue Bonds Debt Service Reserve Fund on or before the 20<sup>th</sup> day of each month a sum at least equal to 5% of the amount required to be paid into the Sewer Revenue Bond Sinking Fund until such time as the amount in this fund equals \$163,457.
- (d) Funds shall be set aside into the Sewer System Depreciation and Contingency Fund to provide for extensions, additions, improvements, renewals, and replacements necessary to properly operate the utilities system. Transfers shall be made on or before the 20<sup>th</sup> day each month in the amount of \$1,262.

TOWN OF ERATH, LOUISIANA

Notes to Basic Financial Statements

- (e) Funds shall be set aside into the Short Lived Asset Fund to provide for maintenance and replacement of short lived assets of the system, by transferring monthly, on or before the 20<sup>th</sup> day of each month, a sum of \$1,300.

All required transfers were made for the year ended June 30, 2023.

Certificates of Indebtedness

For the payment of the principal and interest on the Certificates, under the terms of the indenture, the Town shall create and maintain the Sinking Fund. The Town shall deposit into this fund on or before the 20<sup>th</sup> day of each month, a sum equal to the principal and interest accruing on the Certificates for such calendar month, together with such additional proportionate sum as may be required to pay said principal and interest as the same fall due. All required transfers were made for the year ended June 30, 2023.

(12) Commitments and Contingencies

Litigation

At June 30, 2023, management and legal counsel for the Town believe that the potential claims against the Town would not materially affect the Town's financial position.

(13) Risk Management

The Town is exposed to risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The Town purchases commercial insurance to cover any claims related to these risks. There have been no significant reductions in the insurance coverage during the year, nor have settlements exceeded coverage for the last three years.

(14) On-behalf Payments

The Town has recognized \$64,800 as a revenue and an expenditure for on-behalf salary payments made by the State of Louisiana.

TOWN OF ERATH, LOUISIANA  
Notes to Basic Financial Statements

(15) Interfund Transfers

Interfund transfers for the year ended June 30, 2023 consist of the following:

	Transfers In	Transfers Out
General	\$ 723,113	\$ 103,504
Sales Tax	-	59,315
Utility	-	698,798
Other Governmental Funds	138,504	-
Total	\$ 861,617	\$ 861,617

Transfers are used to (a) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to (b) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

(16) Interfund Balances

Interfund balances at June 30, 2023 consist of the following:

	Due from	Due to
General	\$ 30,826	\$ 169
Utility	172	-
Other Governmental Funds	-	30,829
Total	\$ 30,998	\$ 30,998

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

(17) Retirement Plan

Effective January 9, 2012, the Town entered into a SIMPLE IRA Adoption Agreement with American Funds Distributors Inc., setting up an Individual Retirement Account (IRA) plan for its employees. All employees are eligible to participate in the Plan. Employees make elective deferrals to the Plan at whatever amount they choose up to a maximum of \$15,500 for employees under age 50 or \$19,000 for employees age 50 or older. The Town makes matching contributions of each employee's elective deferral up to a limit of 3% of the employee's compensation. All contributions are made directly to an IRA set up for each employee. Contributions made by the Town for the year ended June 30, 2023 was \$14,312.

TOWN OF ERATH, LOUISIANA

Notes to Basic Financial Statements

(18) Change in Accounting Principles and Restatement

During the year, the Town implemented GASB 87, and as a result of the implementation, the Town evaluated their non-cancelable lease with the United States Postal Service (USPS). The implementation of GASB 87 had the following effect on the Town's net position as reported June 30, 2022:

	<u>Statement of Net Position</u>	<u>General Fund</u>
As reported June 30, 2022		
Net position	\$ 3,351,843	\$ -
Fund balance	-	123,554
Adjustments:		
Lease receivable	174,009	174,009
Deferred inflows - leases	<u>(174,009)</u>	<u>(174,009)</u>
As restated June 30, 2022	<u>\$ 3,351,843</u>	<u>\$ 123,554</u>

TOWN OF ERATH, LOUISIANA

Note to Budgetary Comparison Schedules

(1) Budgets and Budgetary Accounting

The Town follows these procedures in establishing the budgetary data reflected in the financial statements.

1. The Town Clerk and Mayor prepare a proposed operating budget for the fiscal year and submit it to the Board of Aldermen not later than fifteen days prior to the beginning of each fiscal year.
2. A summary of the proposed budget is published and the public notified that the proposed budget is available for public inspection. At the same time, a public hearing is called.
3. A public hearing is held on the proposed budget at least ten days after publication of the call for the hearing.
4. After the holding of the public hearing and completion of all action necessary to finalize and implement the budget, the budget is adopted through passage of an ordinance prior to the commencement of the fiscal year for which the budget is being adopted.
5. Any budgetary amendments require the approval of the Board of Aldermen.
6. All budgetary appropriations lapse at the end of each fiscal year.
7. Budgets for all funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).

All budgeted amounts presented reflect the original budget and the final budget (which has been adjusted for legally authorized revisions during the year).

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Taylor Mencacci, Mayor  
and members of the Board of Aldermen  
Town of Erath, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Erath, Louisiana (the Town), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements and have issued our report thereon dated December 28, 2023.

### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a certain deficiency in internal control, described in the accompanying schedule of current and prior year audit findings and management's corrective action plan as item 2023-001, that we consider to be a significant deficiency.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Town of Erath's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the Town's response to the findings identified in our audit and described in the accompanying schedule of current and prior year audit findings and management's corrective action plan. The Town's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

December 28, 2023

TOWN OF ERATH, LOUISIANA

Schedule of Current and Prior Year Audit Findings  
and Management's Corrective Action Plan  
Year Ended June 30, 2023

Part I. Current Year Findings and Management's Corrective Action Plan:

A. Internal Control Over Financial Reporting

2023-001 Inadequate Segregation of Accounting Functions

Fiscal year finding initially occurred: Unknown

CONDITION: The Town of Erath did not have adequate segregation of duties within the accounting function.

CRITERIA: Committee of Sponsoring Organizations (COSO) *Internal Control – Integrated Framework* and the Louisiana Legislative Auditor's *Governmental Auditing Guide*.

CAUSE: The cause of the condition is the fact that the Town does not have a sufficient number of staff performing administrative and financial duties so as to provide adequate segregation of accounting and financial duties.

EFFECT: Failure to adequately segregate accounting and financial functions increases the risk that errors and/or irregularities including fraud and/or defalcations may occur and not be prevented and/or detected.

RECOMMENDATION: Management should evaluate the cost vs. benefit of complete segregation and whenever possible, reassign incompatible duties among different employees to ensure that a single employee does not have control of more than one of the following responsibilities: (1) authorization; (2) custody; (3) recordkeeping; and (4) reconciliation.

MANAGEMENT'S CORRECTIVE ACTION PLAN: The Town's CPA oversees all financial aspects of the entity. We believe this is an adequate compensating control over our inability to adequately segregate duties in our administrative office.

B. Compliance

None reported

TOWN OF ERATH, LOUISIANA

Schedule of Current and Prior Year Audit Findings  
and Management's Corrective Action Plan (continued)  
Year Ended June 30, 2023

Part II: Prior Year Findings:

A. Internal Control Over Financial Reporting

2022-001 Inadequate Segregation of duties

CONDITION: The Town of Erath did not have adequate segregation of duties within the accounting function.

RECOMMENDATION: Management should evaluate the cost vs. benefit of complete segregation and whenever possible, reassign incompatible duties among different employees to ensure that a single employee does not have control of more than one of the following responsibilities: (1) authorization; (2) custody; (3) recordkeeping; and (4) reconciliation.

CURRENT STATUS: Unresolved. See item 2023-001.

B. Compliance

None reported

## INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Taylor Mencacci, Mayor  
and the Members of the Board of Alderman,  
Town of Erath, and the  
Louisiana Legislative Auditor:

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) of the Town of Erath (the Town) for the fiscal period July 1, 2022 through June 30, 2023. The Town's management is responsible for those C/C areas identified in the SAUPs.

The Town has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period July 1, 2022 through June 30, 2023. Additionally, the LLA has agreed to and acknowledged that the procedures performed are appropriate for their purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

### Written Policies and Procedures

1. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories (if applicable to public funds and the entity's operations):
  - a) **Budgeting**, including preparing, adopting, monitoring, and amending the budget.
  - b) **Purchasing**, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.
  - c) **Disbursements**, including processing, reviewing, and approving.
  - d) **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility

billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

- e) **Payroll/Personnel**, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employees(s) rate of pay or approval and maintenance of pay rate schedules.
- f) **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
- g) **Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
- h) **Travel and expense reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
- i) **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.
- j) **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- k) **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
- l) **Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

### ***Board or Finance Committee***

---

- 2. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
  - a) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
  - b) For those entities reporting on the governmental accounting model, observe that the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum on all special revenue funds. *Alternatively, for those entities reporting on the non-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*
  - c) For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.
  - d) Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

### ***Bank Reconciliations***

---

3. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:
  - a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);
  - b) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and
  - c) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

### ***Collections (excluding EFTs)***

---

4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).
5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies and procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:
  - a) Employees that are responsible for cash collections do not share cash drawers/registers.
  - b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.
  - c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.
  - d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, are not responsible for collecting cash, unless another employee/official verifies the reconciliation.
6. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was enforced during the fiscal period.
7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:
  - a) Observe that receipts are sequentially pre-numbered.
  - b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
  - c) Trace the deposit slip total to the actual deposit per the bank statement.

- d) Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
- e) Trace the actual deposit per the bank statement to the general ledger.

***Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)***

- 8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).
- 9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:
  - a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
  - b) At least two employees are involved in processing and approving payments to vendors.
  - c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.
  - d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.
  - e) Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.

[Note: Exceptions to controls that constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); should not be reported.])

- 10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and:
  - a) Observe that the disbursement matched the related original itemized invoice and that supporting documentation indicates that deliverables included on the invoice were received by the entity.
  - b) Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.
- 11. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy.

[Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.]

### ***Credit Cards/Debit Cards/Fuel Cards/P-Cards***

---

12. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
13. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation and:
  - a) Observe that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) was reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder. [Note: requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported]
  - a) Observe that finance charges and late fees were not assessed on the selected statements.
14. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e. each card should have 10 transactions subject to testing). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and note whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

### ***Travel and Travel-Related Expense Reimbursements (excluding card transactions)***

---

15. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:
  - a) If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration ([www.gsa.gov](http://www.gsa.gov)).
  - b) If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.
  - c) Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).
  - d) Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

### ***Contracts***

---

16. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternately, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:
  - a) Observe that the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.

- b) Observe that the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter).
- c) If the contract was amended (e.g. change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g. if approval is required for any amendment was approval documented).
- d) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

### ***Payroll and Personnel***

---

- 17. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.
- 18. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under #16 above, obtain attendance records and leave documentation for the pay period, and:
  - a) Observe that all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, officials are not eligible to earn leave and do not document their attendance and leave. However, if the official is earning leave according to policy and/or contract, the official should document his/her daily attendance and leave.)
  - b) Observe that supervisors approved the attendance and leave of the selected employees/officials.
  - c) Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.
  - d) Observe that the rate paid to the employees or officials agree to the authorized salary/pay rate found within the personnel file.
- 19. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials, obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity policy on termination payments. Agree the hours to the employee or officials' cumulate leave records, agree the pay rates to the employee or officials' authorized pay rates in the employee or officials' personnel files, and agree the termination payment to entity policy.
- 20. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g. payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

### ***Ethics***

---

- 21. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, obtain ethics documentation from management, and:
  - a) Observe that the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.
  - b) Observe that the entity maintains documentation which demonstrates each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.
- 22. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.

### ***Debt Service***

---

23. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each bond/note issued.
24. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

### ***Fraud Notice***

---

25. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled.
26. Observe that the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

### ***Information Technology Disaster Recovery/Business Continuity***

---

27. Perform the following procedures, verbally discuss the results with management, and report "We performed the procedure and discussed the results with management."
  - a) Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if no written documentation, inquire of personnel responsible for backing up critical data) and observe that such backup occurred within the past week. If backups are stored on a physical medium (e.g., tapes, CDs), observe evidence that backups are encrypted before being transported.
  - b) Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.
  - c) Obtain a listing of the entity's computers currently in use, and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.
28. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in procedure #19. Observe evidence that the selected terminated employees have been removed or disabled from the network.

### ***Sexual Harassment***

---

29. Using the 5 randomly selected employees/officials from procedure #16 under 'Payroll and Personnel' above, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year.
30. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).

31. Obtain the entity’s annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that it includes the applicable requirements of R.S. 42:344:
- a) Number and percentage of public servants in the agency who have completed the training requirements;
  - b) Number of sexual harassment complaints received by the agency;
  - c) Number of complaints which resulted in a finding that sexual harassment occurred;
  - d) Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
  - e) Amount of time it took to resolve each complaint.

***Findings:***

---

No exceptions were found as a result of procedures list above with the exception of:

**Cash Collections**

*At the collection location tested, the person responsible for collecting cash also deposits the cash in the bank.*

*At the collection location tested, the person responsible for collecting cash also records the deposit.*

***Management’s Response:***

---

*The Town of Erath concurs with the exceptions and is working to address the deficiencies identified.*

We were engaged by the Town to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants (AICPA) and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of the Town of Erath and the LLA and is not intended to be and should not be used by anyone other than those specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
